University

**MA892 Seminar 2**

Prerequisite: MA891 Seminar 1

Section: 000001

Credit: 1

Semester: 2/2559

Room: LC3 225

Course Coordinator 1: Dr. Nantapath Trakultraipruk

Email: nantapath@mathstat.sci.tu.ac.th

Room: LC3 220/9

Course Coordinator 2: Dr. Borworn Khuhirun

Email: borwornk@mathstat.sci.tu.ac.th

Room: LC3 101/4

Course Description

Seminar in mathematics and related fields in view of research work. This course consists of 2 talks. On each talk, each student give a forty five-minute presentation and has thirty minutes to answer the questions.

Course Objective

The student should gain:

1. Increased knowledge in problem solving techniques.
2. Proficiency in researching and communicating mathematical ideas.
3. Motivation for further study and research.

Teaching Method Seminar

Course Outline

Week	Topic
1-7	Each student gives their first presentation
8-15	Each student gives their final presentation

Measurement and Evaluation of Student Achievement

First talk	50	Marks
Final Talk	50	Marks

Course Evaluation

Students who get at least 70 marks will get the grade P (Pass); otherwise, N (Not Pass).
